- (1) Government property or funds are to be provided to the contractor for use in performing the contract or as partial compensation (as in retention of salvaged material).
- (2) A contractor sells assets to or merges with another concern, and the Government, after recognizing the latter concern as the successor in interest, desires assurance that it is financially capable.
- (3) Substantial progress payments are made before delivery of end items starts.
- (4) Contracts are for dismantling, demolition, or removal of improvements.
- (b) The Government may require additional performance bond protection when a contract price is increased.
- (c) The contracting officer must determine the contractor's responsibility (see subpart 9.1) even though a bond has been or can be obtained.
